

Journal of Applied Phycology

Instructions for manuscript submission

SPECIAL ISSUE – 25th INTERNATIONAL SEAWEED SYMPOSIUM, Victoria, CANADA

Manuscripts should be prepared according to the Journal Guidelines
<https://www.springer.com/journal/10811/submission-guidelines>.

Papers for this special issue should be submitted on the Journal's Web Site
<https://www.springer.com/journal/10811> using the "25th ISS" Collections category [this option is available after you have downloaded the files].

Submissions under this category will be open until 30 August 2025.

All papers submitted will be reviewed in the normal way and accepted papers will be published in a Special Issue of the Journal of Applied Phycology.

Note that accepted papers are published immediately on-line with a DOI and are therefore fully publicly available and citable. The printed Special Volume will be published once all papers are complete.

The Journal of Applied Phycology is a 'transformative journal' which means authors can choose to publish open access. You will be asked whether you wish to choose the open access options AFTER the paper has been accepted.

If you have any questions please contact the Editor-In-Chief, Michael Borowitzka (m.borowitzka@murdoch.edu.au).
